There are 98 names down as entitled to the reading room; of these 2 have already paid $2 each, one for the use of the room without being a member of the Soc the other paid for last year; If every other one should pay $1.00 each it would make $100.00 due the Soc before anything was paid to this may be added for papers &c paid $1.76 or 2.76 but calling 2.76 $102.76 due the Soc before anything was paid; But there has been paid in of this $37.25; leaving a balance due the Soc at most $65.51 There is in the treasury now $12.47 which added to this would make $77.98.

Mr Coffins figures which he handed me would make the Soc now about $30.16 to this I must add the bill + cap* which I suppose is not yet permanently closed for $3 for the postage, which would reduce the figures to $27.16 to this may be added a sum for Bar + for Rent, the free the room. Probably 1/4 of the members will not be members & perhaps &c Mr Young is indebted to
